DETAILED ACTION

Information Disclosure Statement

Applicant has submitted some references that were lined through on the form PTO-1449 that was returned with the previous Office action. Along with these references, Applicant has submitted a copy of this PTO-1449. Rather than initialing them on this copy to indicate that they have been considered, the examiner has listed them on a form PTO-892, attached hereto. This was done for clarity when the file goes to the printer. That is, if the lined through entries are then initialed, the printer may be unsure if they are really are to be made of record.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

IN THE CLAIMS:

Claim 1, line 6: Delete "X is O or S or N, and".

IN THE SPECIFICATION:

Page 1, 3rd line under the heading "Cross-Reference to Related Applications": Delete "February 2, 1999" and insert -- February 1, 1999 -- therefor.

Art Unit: 1623

Allowable Subject Matter

Claims 1 and 59-65 are allowed.

The following is an examiner's statement of reasons for allowance: KELNER et al (US 5,563,176) teaches a genus of illudin analogs. The reference does not teach or fairly suggest the instant compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
